ECTS TRAINING COURSE

Bone Markers

Saturday 24 May 2008

SATELLITE TO THE
35TH EUROPEAN SYMPOSIUM
ON CALCIFIED TISSUES

BARCELONA, SPAIN

Bone Markers

Saturday 24 May 2008 09.00-18.00 Barcelona

SATELLITE TO THE 35TH EUROPEAN SYMPOSIUM ON CALCIFIED TISSUES

Organisers: Nuria Guañabens (Barcelona, Spain) and
Richard Eastell (Sheffield, UK)

The aim of this ECTS training course is to provide participants with an overview of the latest opinion on bone markers and related topics, and to give practical guidance on topics such as bone remodelling, resorption and formation, measurement, significance and a look at markers in metabolic bone diseases such as osteoporosis and Paget's disease. The workshop will comprise a series of overviews and practical advice, given by experts in the field, together with discussion stimulated by issues proposed in advance by the audience.

VENUE

Centro de Convenciones Internacional de Barcelona (CCIB)
<http://www.ccib.es/>

Barcelona is at the leading edge of fashion, architecture, cuisine and style. As well as providing the vibrant backdrop of a cosmopolitan city with historic buildings, Gaudi's famous architecture, museums and numerous restaurants, Barcelona enjoys glorious beaches and easy access to coastal villages. The unique style of Barcelona, a city of contrasts, makes it one of the world's most popular conference destinations.

Please see <http://www.barcelonaturisme.com/> for further information about Barcelona.

SPEAKERS

Luisa Alvarez (Barcelona, Spain) Importance of biological variability of bone markers in clinical practice

Pierre Delmas (Lyon, France) Bone markers in osteoporosis: fracture prediction

David Dempster (New York, USA) Bone remodelling and its regulation

Richard Eastell (Sheffield, UK) Bone markers in osteoporosis: treatment monitoring

Bill Fraser (Liverpool, UK) FGF-23, OPG and RANKL

Patrick Garnero (Lyon, France) New biochemical markers of cartilage

Nuria Guañabens (Barcelona, Spain) Markers of bone formation

Christian Meier (Basel, Switzerland) Markers of bone resorption (including cathepsin K)

Ana Monegal (Barcelona, Spain) Bone markers in renal osteodystrophy

Pilar Peris (Barcelona, Spain) Bone markers in Paget's disease

WHO SHOULD ATTEND?

- Clinicians
- Basic research scientists
- Pharmaceutical representatives

CONTINUING MEDICAL EDUCATION (CME)
